SKILLS

ABOUT

I have keen interest in AI domain. I am passionate to work with Machine Learning and Data Science projects. I am looking for a opportunity where I can implement my skills to benefit the team.

WORK EXPERIENCE

The Spark Foundation

Growmore Intern | November 2021 - January 2022
Learned the basics of Machine Learning like Supervised, Unsupervised and Reinforcement Learning. Had hands on experience on Regression Model (used Linear Regression Algorithm, Ridge Regression Algorithm, etc) and Classification Models(used Decision Tree Classifier, Naive-Bayes, SVM, etc) and tried some capstone projects like:

- Campus Guide using QR code
- Facemask Detection
- Fuel Consumption Prediction

Python, R, Jupyter notebook, HTML,
C++, CSS, GitHub

EDUCATION

**B.E. Artificial Intelligence and Data
Science**

Vidya Pratishthan's Kamalnayan Bajaj
Institute of Engineering and
Technology, Baramati

(Savitribai Phule Pune University)

2020-2024

CGPA: 9.05

Higher Secondary Education

Sanjivani Junior College, Kopargaon

2018-2020

HSC: 58.64%

Courses and Certifications

- **Google Data Analytics**
- **Python 101 for Data Science**
- **The fundamental of Digital marketing from Google**
- **Introduction to Quantum Computing**
